

# SAVE THE DATE

## COLLEGE OF CLEAN IS COMING TO CHICAGO

**SATURDAY, DECEMBER 15<sup>TH</sup> | 8:00AM - 3:00PM**

*Registration starts at 7am*

### Why you should attend:

Decisions are based on standards, recommended practices and quality improvement processes. This seminar has been designed to help those working in or responsible for medical device reprocessing to understand the cleaning and decontamination process for all types of medical devices, surgical instruments, endoscopes and other devices. Dirty instruments are an issue, learn how to “Keep them Clean”. The Ten factors of clean will be covered and how they apply to manual, sonic, cart and automatic washers. Endoscopes and meeting the standards will also be covered.

### Location:

Advocate Christ Medical Center, Robert Stein Auditorium Conference Center  
4440 95th Street Oak Lawn, Illinois 60453 (Free Parking in Lot D located at 95th & Kilbourne)

### Speakers:

Mary Ann Drosnock, MS, CIC, CFER, RM (NRCM), FAPIC  
Senior Manager of Clinical Education  
Healthmark Industries

Stephen Kovach, BS, CFER  
Director of Education  
Healthmark Industries
